## Dr. Nicki Newton works with K-5 teachers and administrators...

### Dr. Nicki Newton works with elementary math teachers and administrators...

Dr. Nicki Newton shared her understanding of mathematics curriculum and instruction with all K-5 teachers and administrators

to address the differentiated needs of all students. Dr. Newton discussed teaching math through guided math, picture books, poetry and songs; writing in math class; and developing a community of mathematical thinkers.

Dr. Newton builds upon current standards, research and theory, to provide practical, realistic 21st century strategies to teach the Connecticut Core Standards in Mathematics.
